## **Bay Street to host live folklore entertainment in August**

With so many villages in Malta and Gozo celebrating their titular feasts throughout the summer, Bay Street is bringing a taste of the traditional atmosphere to the leading shopping and entertainment complex in St Julian's every Sunday between 5 August and 26 August and on the feast day of Santa Marija, 15 August.

Visitors will be entertained with Maltese folk dancing by Eldridge Saliba of the Paul Curmi Dancers in the Rotunda on Level 0 from 6 to 8 p.m., and can also enjoy samples of traditional Maltese foods in the Artisan Market on these five occasions.

For the fifth year in succession Bay Street will also be richly decorated, as in the typical traditional village feast. The rich tapestry hangings are more than a storey high and, in addition to the decoration being put up between 7 and 18 August, shoppers can enjoy Maltese folk musicians who will be roaming around the Bay Street complex to entertain the many visitors.
